

Agency Profile

Since 1972, Moody Insurance Agency has distinguished itself as a privately owned company with a keen focus on addressing the unique insurance requirements of each and every client, on a one-to-one basis.

So often, new clients come to us and are either overinsured or underinsured. Insurance is unique in that you pay for a promise. To help make good on that promise, our agency offers superior client service to achieve the very best coverage and cost in today's tough insurance marketplace.

Moody Insurance provides each client access to the region's most knowledgeable insurance professionals, who first analyze and evaluate present and potential business risk exposure, and then determine which risks should be insured. The goal is to provide each client with appropriate coverage that supports the growth of his or her business with reasonable risk exposure.

Every client is our most important client, so we monitor each account on a day-to-day basis, using state-of-the-art systems that create efficiencies in all aspects of account management. For our clients, this translates into bottom-line results that include timely and thorough loss prevention and claims management processes and access to the most favorable coverage and terms.

By taking excellent care of each client, Moody Insurance has built a remarkable reputation among an international network of insurance markets and brokers. As a result, we can offer clients the industry's most diverse collection of resources.

While its original client base centered in the construction and building industries, Moody Insurance has expanded to incorporate large property, distribution, carrier and manufacturing clientele. Today, Moody Insurance offers insurance products for general liability, auto, property, inland marine, umbrella, employment practices, directors and officers, workers compensation, group benefits, life, home and disability.

Moody Insurance also lives its commitment to superior client service by offering in-house risk management services, including proprietary products, claims management, loss control, information management and property appraisal services. Moody agents develop traditional brokerage, alternative risk and self-insured plans based on each client's exposures, needs and management style.

Moody Insurance is a C.N.A. High Performance Agency, a Travelers Cornerstone Agency and a member of the Pinnacle Club. The agency belongs to the National Association of Surety Bond Producers, Associated General Contractors, Construction Finance Management Association, Associated Building Contractors, and Colorado Roofing Association.

The state's third-largest private insurance agency, Moody Insurance represents more than 30 major insurance companies for thousands of clients annually, with services based in its Denver and Grand Junction, Colo., offices.
